February 27th, 2015

Dakota Access, LLC
1300 Main Street
Houston, Texas 77002

Dear Sirs:

At its February 18, 2015 meeting, the Dunn County Commissioners passed a motion to send a letter of notification to Dakota Access LLC requesting your consideration to use the present Tesoro pipeline corridor for construction in Dunn County.

We recognize that your company has been working to obtain easements and that this message may come late to what has already been achieved, but perhaps you could find it in the best interest for all if you would address this concern with the PSC, Tesoro and local county residents which are impacted by this line.

Please understand the county is not against this line as we envision this project as a true asset to the county and the industry. We have been hearing the concerns of landowners whether the best route has been chosen and if all other options been investigated.

Sincerely,

A handwritten signature in black ink that reads "Reinhard Hauck".

Reinhard Hauck, Chairman
Dunn County Commission
